

# Office of Small & Disadvantaged Business Utilization

John Hale III  
Director

*December 4, 2013*  
Minority Business Development  
Agency  
Energy Industries Webinar

U.S. DEPARTMENT OF  
**ENERGY**

# DOE's Mission

- **Energy Security** – Protection of high risk, high payoff RD&D of cleaner more affordable and reliable alternate energy sources, e.g. Advanced Research Projects Agency-Energy
- **Nuclear Security** – National Nuclear Security Administration guards:
  - ▣ **Military applications of nuclear energy**
  - ▣ **Military nuclear propulsion plants (i.e. nuclear submarines)**
  - ▣ **Nuclear Nonproliferation** – Detect, secure, and dispose of vulnerable nuclear weapons
  - ▣ **Conversion of high grade to low grade Uranium**
  - ▣ **Computational analysis of nuclear warheads**
- **Environmental Responsibility** – Stop or reverse environmental damage caused by our legacy of nuclear warhead production
- **Enhance Efforts in Scientific Discovery and Innovation** – The Office of Science is the largest single supporter of research in the physical sciences

# OSDBU's Mission

The OSDBU's mission is to maximize contract and financial opportunities for small businesses and entrepreneurs at the Department of Energy. This is accomplished through the promulgation of policy, establishment of goals, outreach to small businesses and entrepreneurs, as well as, coordination with the Office of Procurement and Financial Assistance. Specific areas of focus include socio-economic based businesses, subcontracting, and collaboration with program offices.

# Site and Facility Management Contractors (FMCs)

- Consist of 85% of our procurement base, we retain only 15%
- DOE has approximately 15,000 FTEs and 100,000 contractor workforce
- Not bundled (ref. FAR 2.1). They are sanctioned by FAR 17.6
- Limited Liability Corporations (LLC) – Only responsibility is to manage and operate specific facility
- Performance-based, Award Fee, and Award Term
- Approximately 40 FMCs, 17 of which are National Laboratories (NL)
- NLs are Federally Funded Research & Development Centers (FFRDCs) (ref. FAR 2.1)

# Site and Facility Management Contractors (FMCs)

- Required to have a small business subcontracting plan
- Subcontracting plan goals are challenging
- We flow down small business prime contract solicitation methods to FMCs to help them achieve subk goals – **Best Practice**
  - FMCs do not follow FAR when they subcontract
  - Best commercial practices – Faster awards, cannot be protested
- Conduct a Mentor-Protégé Program – **Best Practice**
  - Objective is to graduate protégés to large businesses that can compete for Federal prime contracts
  - One of 13 government agencies that have an Mentor-Protégé Program
  - Voluntary, no appropriated funds, paid through subk costs
  - Mentors are large or small DOE contractors
  - Protégés must be small socio-economic – goaled groups
  - Prospective protégés petition mentors
  - Protégés may subcontract with other FMCs
  - Sole-source contracts at 8(a) thresholds (\$4.0M / \$6.5M)

# Site and Facility Management Contractors (FMCs)

# Power Administrations

## POWER MARKETING ADMINISTRATIONS

\* NOTE: Both Western and Southwestern market power in Kansas

# Power Administrations

**Established in the early 1900s, sell excess electrical power produced at Federal water projects in order to repay the Government's investment in the projects.**

- 1. Bonneville Power Administration (BPA) – Headquartered in Portland, Oregon**
- 2. Southeastern Power Administration (SEPA) – Headquartered in Elberton, Georgia**
- 3. Southwestern Power Administration (SWPA) – Headquartered in Oklahoma**
- 4. Western Area Power Administration (WAPA) – Headquartered in Colorado – services a 15 state region of central and western U.S.**

# What Does DOE Buy?

## Top Ten – FY 2013 Action Obligations for All Small Businesses by NAICS Codes (Oct. 1, 2012 – Sept. 30, 2013)

	NAICS Code	NAICS Code Description	Action Obligation
1	562910	Remediation Services	\$202,415,439
2	541512	Computer Systems Design Services	\$162,547,243
3	541330	Engineering Services	\$118,108,090
4	561210	Facilities Support Services	\$107,184,089
5	561611	Administrative Management and General Management Consulting Services	\$84,470,715
6	541690	Other Scientific and Technical Consulting Services	\$64,000,430
7	562211	Hazardous Waste Treatment and Disposal	\$57,629,881
8	541519	Other Computer Related Services	\$56,465,536
9	451620	Environmental Consulting Services	\$47,195,921
10	236220	Commercial and Institutional Building Construction	\$33,631,437

Report Extracted from FPDS-NG

# Rules of Engagement

**Engage with program elements. Know their mission and requirements.**

Create a demand by becoming a solution to DOE requirements, instead of just fishing for work.

Attend outreach sessions and network with other contractors.

**Plan ahead – allow 1.5 to 2 years to prepare a proposal for major requirement.**

Response to sources sought synopses.

Consider teaming arrangements if requirements are steep.

**Learn how to prepare an effective proposal.  
Incumbents do not always win recompetitions.**

Contact Procurements Technical Assistance Centers (PTACs) if you need help.

Be persistent.

# Current Forecast Opportunities

Program/Site Office Names	Number of Forecast Opportunities*
National Nuclear Security Administration (NNSA)	7
Office of Energy Efficiency and Renewable Energy (EE)	3
Office of Environmental Management (EM)	2
Office of Fossil Energy (FE)	2
Office of Human Capital Officer (HC)	1
Office of Science (SC)	3
Southwestern Area Power Administration (SWPA)	3
Western Area Power Administration (WAPA)	6

\* For additional list of current forecast opportunities, please visit the Headquarters' Acquisition Forecast website at <http://hqInc.doe.gov/Forecast>.

# Current Forecast Opportunities

**Program/Site Office Name:** National Nuclear Security Administration (NNSA)

**Type of Acquisition:** Services

**Acquisition Description:** Facility Support Services

**Type of Action:** Competitive 8(a)

**Estimated Dollar Range:** \$25M-\$50M

**Anticipated Award Fiscal Year:** 2014
